Pillow pets and dancing Mickey top toy list

From a pillow that turns into a plush toy, to a device that makes a popular video game interactive - it will likely be on this year's Christmas shopping lists.

Add to that some old favorites, too, including Barbie dolls and a moon-walking Mickey Mouse.

"We're seeing interest in the same categories that you find in a specialty toy store - Barbie, G.I. Joe and Transformers," said Sonya M. Costentini, media relations manager for T.J. Maxx and Marshalls stores.

One of the leading toys for kids 5 and under is Pillow Pets, said Bob Friedland, toy expert for Toys R Us. The toy converts from a fuzzy animal to a pillow by opening and closing a Velcro strap, he said. They include lions, puppies, giraffes and ladybugs, among others.

"They combine the functionality of a pillow with the security of a plush pet," Mr. Friedland said.

At Boscov's, the company's toy buyer Ron Grant pointed to the Matchbox Stinky Garbage Truck - which he said talks, moves and lights up - and Go Go My Walking Pup, a battery-operated dog you can walk with a leash.

Both Mr. Friedland and Mr. Grant said a popular item would be Dance Star Mickey, a doll that dances along to disco and other types of music - and even does the "Moonwalk."

"Everybody, from kids to adults, loves Mickey Mouse," Mr. Friedland said.

What may be the biggest toy of the year for kids of all ages is Kinect for Xbox 360 - a wireless sensor that captures movement of players.

"Kinect for Xbox 360 brings games to life in extraordinary new ways," Mr. Friedland said. "If players see a ball on the screen, they can kick it - just like in real life."

Other toys seen as hot by experts:

n For baby's first Christmas, Mr. Friedland pointed to Ocean Wonders Deep Blue Sea Table, an activity table meant for nine to 36 months.

"Children roll a ball - with a friendly fish inside - to activate sounds, lights, and music. Whenever they slide the seashell door back and forth, they get dancing lights on the tabletop," he said.

n For children two to four years old, there is the Tomica Hypercity Mega Station Set.

"This is a cool train set Toys R Us brought in from Japan," Mr. Friedland said.

n Mr. Grant pointed to Bigfoot Monster for ages six years and up.

"It walks, tells jokes, and snaps its head," he said.

n For children eight years and up, Mr. Grant suggested a variation of the 1980s classic Rubik's Cube, the Techno Source Rubik Slide - which "instead of turning the cubes, you slide them."

For the same age group is also the Spy Net Video Watch, which Mr. Grant said children can record video and audio.

n Ms. Costentini said toys that might interest pre-teenagers include "Twilight" series of books, hair care and fashion items - such as blow driers - and design materials, like colored pencils and paper.

Shopping for kids is always fun, and that too for Christmas. If you are planning to be organized and well prepared ahead of time, here is a list of **Hot Christmas Toys 2010** I have compiled for this year. If you happen to like any of the toys in the list, make sure to order them well ahead of time, since they are going fast.

Here are the **Top Hottest Christmas Toys 2010**

My Pillow Pets Miss Lady Bug.

Although there are many different varieties of animals available, **My Pillow Pets Miss Lady Bug** is the most favorite of all. It is shaped like a ladybug with red and black colors. It is quite a delightful toy with it's big smile and big black antennas. You can choose different sizes among My Pillow Pets Ms. Lady Bug Items. Most common and favorite among people are My Pillow Pets Miss Lady Bug 18" and My Pillow Pets Miss Lady Bug 11". Both are equally soft, furry animals just with different sizes. Kids would also love to show off their My Pillow Pets Miss Lady Bug Backpack to their friends that can be a beautiful collection.

Zhu Zhu Pets and their friends.

This is be another hottest gift toy this Christmas. **Zhu zhu pet hamsters** are the collection of furry, adorable and interactive hamsters with cute names like Mr. Squiggles, Patches, Chunk, Pipsqueak, Num Nums etc. These mechanical hamsters just look like the real hamsters that can operate on floor or on the set track that comes with the package. Their special friends Kung Zhu figures and Ninja Warrior hamsters make these a special gifts for little boys and girls.

Squinkies Bubble Pack, several Series.

Squinkies are adorable little figures that comes in little bubbles. When you squeeze the bubble, they pop out. Figures include little people, cats, monkeys, dogs, horses and other cute characters. Each Squinkies figures has a little hole on the bottom so they can also be used as pencil tops, be put on bracelets or be made into rings. There are many different packs that you can choose from. These seem to the hot toys this season but are going out of stock frequently. It is better to get your hands on this “must have” toy this season.

Microsoft's Kinect Interactive Game.

Kinect is a new controller free gesture game that uses a sensor to track motion. Xbox 360 250GB Console with Kinect by Project Natal is a “controller-free gaming and entertainment experience” from Microsoft. Kinect enables it's users to control and interact with the Xbox 360 without the use of a game controller. Microsoft's Kinect is going head on competition with Nintendo Wii and PlayStation 3 gaming consoles. People that have recently played with Kinetic loved it and believe that as advertised in the commercials, it does bring families together.

Fun eReader for Kids.

These are perfect gift for kids for their birthdays, Christmas and other special occasions. The V Tech kid's eReader is a fun and educational toy for children. This is the first children's animated e-reader in the world that helps to develop their vocabulary while having fun. This animated and fun filled educational toy is interactive and will keep your child interested and focused. It also helps in bringing about the child's creativity. It is easily comparable with the popular iPad, the Kindle and other e-readers. Magic backpack that can be purchased separately makes it a great gift package.

Lego Board Games 2010.

Harry Potter Lego Game Lego line has released at least 10 new board games in 2010. **Lego Harry Potter Hogwarts** is the most popular among all this holiday season 2010. It contains a board that resembles Hogwarts Castle. It includes 5 micro figures of Harry Potter, Hermione Granger, Ron Weasley, Draco Malfoy and Professor Dumbledore. Most challenging part of this game is that the players have to visit different areas of Hogwarts school and pass different magical exams. Movable castle parts make it all the more complex. This is one of the Hot toy gifts for Christmas 2010 and going away fast.
